

**NPBI-1**

**Life-skills-based HIV/AIDS education in schools**

Data source: name

Ministry of Education

Data source: type

Data collection period (day/month/year)

to

**PART I:**

Data requirements

Primary schools

Secondary schools

All schools

Urban Rural National

Urban Rural National

Urban Rural National

**NUMERATOR**

**Instructions:**

- i) Select *only* those schools that provided information ( excluding "don't know") to *all* 3 questions (i.e. questions 1 to 3 below)
- ii) Line 1: enter the number of schools that stated that they had a teacher trained in the last 5 years to teach life-skills-based HIV/AIDS education
- iii) Line 2: enter the number of schools that answered "yes" to the question in line 1 and who also reported that their trained teachers taught HIV/AIDS education on a regular basis to all classes in the last academic year

1. School has at least one teacher trained in the last 5 years to teach life-skills-based HIV/AIDS education

Public sector schools

none	none

Private sector schools

**DENOMINATOR**

3. Number of schools surveyed

Public sector schools

none	none
none	none

none	none
none	none

Private sector schools

4. Total number of schools in the country:\*

Public sector schools

		428
		7

		408
		7

Private sector schools

Public and private schools

**PART II:**

Indicator computation

INDICATOR SCORES BY TYPE & LOCATION OF SCHOOL

5. Divide the number of schools (public & private) that reported having a staff member trained to teach HIV/AIDS life-skills-based education (line 2) by the total number covered by the survey (line 3) and multiply the result by 100.
