Dear Stakeholders,

The first group of twelve Summary Country Reports ([Ethiopia](#), [Indonesia](#), [Ukraine](#)) are being posted with this message on the [Second Independent Evaluation website](#). Others will shortly follow.

The Oversight Committee is making these Country Reports available to Stakeholders to provide insight into the progress and process of the SIE. The Reports are brief summaries of the extensive data collection undertaken by the Evaluation Team during country visits. They should not be considered as stand-alone documents evaluating country programmes or partners. The Final Evaluation Report will assess the performance of UNAIDS overall, and data collected at country level forms just one part of the evidence. The synthesis of the Final Evaluation Report will draw on evidence at country level, as well as from regional and global data obtained through visits and interviews with the Secretariat, Cosponsors, Member States, donors, civil society, and other partners.

All twelve summary Country Reports will be reproduced in a separate volume, and made available for information with the Final Evaluation Report.

Yours sincerely,

Catherine Hodgkin
Chair, Oversight Committee
Second Independent Evaluation
