

UNAIDS is an innovative joint venture of the United Nations, bringing together the efforts and resources of the UNAIDS Secretariat and ten UN system organizations in the AIDS response. Contributing to achieving global commitments to universal access to comprehensive interventions for HIV prevention, treatment, care and support is the number one priority for UNAIDS.

Tenders are invited for the management of UNAIDS Technical Support Facilities

In 2005, UNAIDS established regional Technical Support Facilities (TSF) as independent regional entities to build capacities and provide timely, high-quality and competitively priced technical assistance in support of national AIDS responses. Six TSF are currently operational. Contracts with the TSF host institutions in (1) East Africa (2) Southern Africa (3) West & Central Africa and (4) South-East Asia & the Pacific come to an end in December 2009. In accordance with procurement policies, UNAIDS is initiating a re-bidding process for indentifying potential contractors to manage the TSFs in above-mentioned regions.

Institutions or consortia are invited to tender for the management of the Technical Support Facility (TSF) in each of the above four regions.

Tender documents, eligibility criteria and the required formats for tenders can be obtained by sending an e-mail to:

- tsf_ea@unaids.org for TSF East Africa
- tsf_soa@unaids.org for TSF Southern Africa
- tsf_wca@unaids.org for TSF West & Central Africa
- tsf_seap@unaids.org for TSF South East Asia & the Pacific
